

How much time do kids spend outside a day?

Today the amount of time kids spend outside is alarmingly low --only minutes per day--while screen time is at an all-time high. The National Wildlife Federation has set a new goal to stem the tide and move kids back outdoors.

Why is outdoor time important for children?

Studies show outdoor time helps children grow lean and strong, enhances imaginations and attention spans, decreases aggression, and boosts classroom performance. In addition, children who spend time in nature regularly are shown to become better stewards of the environment. Fast Facts: Outdoor Time and Children

How do I get my kids to enjoy the outdoors?

Have a ball. Kicking a soccer ball,throwing a frisbee,jumping rope or playing any sports you all enjoy can keep the outdoors fun as children get older. Pack a picnic or plan a barbeque outside with friends and family. Share a meal or play a game together while you enjoy the outdoors. Take a walk-and-talk.

Are children spending less time outdoors?

In many parts of the world, children are spending less time outdoors than ever. This outdoor play 'deficit' is more pronounced for some children than others. Studies have found, for example, that girls, children from racial or ethnic minority backgrounds, and children who live in urban areas may be less likely to spend time outdoors.

Do children spend more time outside than 20 years ago?

Fast Facts: Outdoor Time and Children Children are spending half as much time outdoors as they did 20 years ago. Children who play outside are more physically active, more creative in their play, less aggressive, and show better concentration. Sixty minutes of daily unstructured free play is essential to children's physical and mental health.

Are children less likely to play outside?

Studies have found, for example, that girls, children from racial or ethnic minority backgrounds, and children who live in urban areas may be less likely to spend time outdoors. Children are also less likely to play outside the older they are, although outdoor activity benefits children of all ages.
