

Discover how Qair is advancing renewable energy in Mauritius with a new loan for a 60MW hybrid solar photovoltaic and battery energy storage system (BESS) project. Stay ...

The purchase of solar arrays could be financed through a "green" loan from commercial banks or a concessional loan from the Development Bank of Mauritius (DBM). ...

In an exciting development for renewable energy in Africa, Qair, an Independent Power Producer (IPP), has successfully closed a loan to finance a significant 60MW hybrid ...

The first two projects, Stor"Sun 1 (SS1) and Stor"Sun 2 (SS2), with a combined investment of around Rs. 4.5 billion, began construction in June ...

Why Port Louis is Becoming Africa's Energy Storage Hotspot when you think of Mauritius, you imagine pristine beaches and sugarcane fields, not grid-scale battery ...

At the start of our mandate in 2014, there was only one solar power plant, very few rooftop solar systems and no wind energy plant. Government introduced fiscal incentives, simplified ...

Qair, an independent renewable energy company, has secured financing from SBM Bank (Mauritius) Ltd to implement its 60 MW Stor"Sun I and II hybrid solar PV and BESS ...

This strategic collaboration aims to bolster Mauritius' transition to clean energy, focusing on the development and enhancement of solar energy and energy storage systems.

The assignment consists in conducting technical due diligence for four Solar PV projects with a cumulative capacity of 100MW with battery energy storage in Mauritius developed as an ...

Qair has announced the closing of a new loan to support the implementation of a hybrid solar photovoltaic and battery energy storage system (BESS) project in Mauritius.

A solar plant that will provide electricity to thousands of homes a year in Mauritius has been inaugurated. This is the first in a number of solar energy driven projects in the ...

French independent power producer Qair has closed a financing agreement with SBM Bank (Mauritius) Ltd to support the development of its 60-megawatt (MW) Stor"Sun ...

To support this ambitious target, the UNDP Mauritius and Seychelles MCO, through the transition to a low-carbon economy programme funded by the Green Climate ...

Qair, a French renewable energy producer, has signed a loan agreement with the State Bank of Mauritius (SBM Bank) to finance the construction of 60 megawatts (MW) of ...

Renewable energy developer Qair has secured financing from SBM Bank (Mauritius) Ltd for its Stor"Sun I and II hybrid solar-plus-storage projects. These two projects ...

Qair announces the closing of a new loan to support the implementation of a hybrid solar and battery storage project in Mauritius.

It has signed 4 power purchase agreements (PPA) with CEB for the cumulative 60 MW AC capacity that is accompanied by battery energy storage systems (BESS). Projects will ...

The first two projects, Stor"Sun 1 (SS1) and Stor"Sun 2 (SS2), with a combined investment of around Rs. 4.5 billion, began construction in June 2025, marking a significant ...

French renewable energy producer Qair has secured a loan agreement to finance the construction of 60 MW of hybrid solar and storage projects in Mauritius.

Independent renewable energy company Qair announces the closing of a new loan to support the implementation of a hybrid solar photovoltaic and battery energy storage system ...

This exposure and vulnerability demand a smart transformation of our electricity sector to better address the impacts of climate change, foster sustainable growth and ensure energy security. ...

The project seeks to accelerate sustainable on-grid PV electricity generation in Mauritius by leveraging \$ 17.5 million in private sector ...
