

Solar panel ranking latest

Who makes the best solar panels?

Five brands stood out: Maxeon, VSUN, REC, Qcells, and Canadian Solar. What are the best solar panels? Based on our analysis, Maxeon offers the best solar panels, followed by VSUN, REC, Qcells, and Canadian Solar. Each scored well overall, but the best one for you depends on your home's specific needs.

How do I choose the best solar panel brand?

The ConsumerAffairs Research Team conducted an unbiased evaluation of top solar panel brands on the market. To pick the best, we looked for high efficiency ratings, comprehensive warranties and good customer reviews.

What are the best residential solar panels?

Qcells has the most innovative residential solar panels on the market and boasts an impressive number of features that put the company's panels above competitors. We like that the maximum efficiency available is 22.5% for residential panels, placing this brand of solar panels at the top in terms of performance.

Which solar panels cost the most?

The efficiency: Panels that are 22% efficient or higher typically cost the most, while low-efficiency panels less than 20% tend to cost less. The manufacturer: Solar panel companies offering the latest and greatest solar panel properties often have higher prices for individual panels.

Which solar panels are best for 2025?

Let's take a look at each of the brands: Canadian Solar is our #1 pick for 2025. The company has been manufacturing solar panels since 2001, making it one of the oldest brands on our list. Canadian Solar's products are known for their reliability and affordability and are used by solar installers nationwide.

Which EnergySage solar panel is best?

REC is a longtime favorite among EnergySage shoppers, probably because of its relatively low price per watt and impressive specs. Out of our top brands, REC offers the best bang for your buck: The Alpha Pure 410-watt panel maintains efficiency above 22%, and it has solid 25-year performance and product warranties.
